

# A2C

42'8"	26'3"	LED Lighting	Home Automation	Wall Mounted	Free Standing

Gennius A2C is a pergola for all seasons. Available in single freestanding, double freestanding or top-mounted configurations, A2C is a durable aluminum pergola with a retractable roof. The PVC fabric roof retracts fully to reveal open sky when desired and closes to a water-tight seal when closed. Rainwater is directed into a system of integrated gutters and downspouts. Aluminum rails and posts are engineered for durability and excellent performance, season after season.

Gennius A2C Single Freestanding.....Max width 42'8" x Max proj 23'10"
